Life Giving List

Most leaders spend too much time being a conduit for God's gifts and don't take time to enjoy being a recipient of them. But you are not simply God's employee, you are God's child and God has given you gifts for you to enjoy, not pass on to others.

1) Make sure each column has a range of options that take from a few minutes to several days and from no cost to a lot of money.
2) The secret to this list is 3 fold: Getting very concrete about what is life giving to you, intentionally calendaring time and planning. Thanking God/worshipping God when you participate in anything on this list.

What has God given that you love? Nothing is too trivial or too extravagant. Make your list.
